Sunscreens

“Sunscreens can save up to 22% in total energy costs!” (2007 D.O.E. Sun Control Study)

Sunscreen applications make a functional and attractive addition to any building or residence. Douglass Colony Group offers a wide range of exterior sun control devices custom fitted for your design needs that can positively impact the energy efficiency and LEED classification of any building.

System Info:

- Spans/sizes: Up to 15ft spans, up to 6ft projections
- Colors/finishes: Kynar, Powder coat, Anodized
- Mounting options: Cantilevered, Suspended, Bottom Supported, Vertical, Trellis
- Wide variety of blade shapes and outrigger options
- Fully customizable
- Engineered for each project

Why Use Douglass Colony Group?

- Douglass Colony Group features a local 70,000 sq/ft fabrication facility at the Commerce City headquarters
- Douglass Colony Group uses in-house designers for complete design/build services
- Douglass Colony Group specializes in custom project needs, excellent lead times and customer service
- Douglass has been fabricating and installing custom engineered sunscreen systems since 2001
